#### FIVE NEW VOLUNTEERS AT HLA

By Larry Langhans

Thanks to an article in our last newsletter and an article in the Bucks County Courier Times by Liz Fisher, we have five new volunteers working at HLA. Barb Niedrist, a longtime member, has been helping Wednesday evenings, when her schedule of work and study permits, helping to sean into a computer several decades old newspaper articles about the Langhorne area that are in danger of being lost. Barbara Kuehmstedt, a lifelong resident of Penndel, will also be working Wednesday evenings entering genealogical information into a computer program she has. Barbara will receive her certification in genealogy this fall from the Board of Certified Genealogists. Shirley Pinkerton, who lives in Feasterville and has worked in the archives of the Attwater-Kent Museum and the Scaport Museum of Philadelphia, is interested in updating our archives inventory. Amanda Furrow and Lola Birth-Ereed, both of Langhorne, will also be working with data entry and research. We want to welcome these new people and thank them for giving their time to help preserve our collections and make them more accessible to the public.

In keeping with our old Langhorne businesses theme this newsletter, here are two ads from the *Delaware Valley Advance* from 1950. The ad to the left is from a cleaners owned by the Carfagno family. The ad above is of Davenports Garage, which was located at what is now the Lukoil Station on Pine & Maple Ave.

#### A selection (of many) articles From The Pennsylvania Gazette scanned & researched by Charles Lauble

TO BE SOLD BY PUBLIC VENDUE January 28, 1795 The Pennsylvania Gazette LANGHORNE PARK At the Merchants' Coffee-house, on the 24th day of next month, at 7 o'clock in the evening.

It is situate in the township of Middletown, and county of Bucks, 20 miles from the city of Philadelphia, bounded for a considerable distance by Neshaminy creek, and within about 1 mile of Middletown meeting-house, a high and healthy situation, in a thick settled, pleasant, and wealthy neighborhood, contiguous to several grist and saw-mills, and is justly deemed equal to most situations in the state, either for the farmer, or for persons in easy circumstances, seeking a place that will admit of ornamental and useful improvements. The mansion-house, the ancient seat of Judge Langhorne, was not long since repaired, a large stone kitchen nearly adjoins it, a never failing spring of excellent water is at a small distance, over which there is a good stone spring house; a small tenement and grist mill, with other out houses, are erected on parts of the tract, which contains about 450 acres. There is supposed to be near 200 acres thereof under wood, and parts of it well timbered. Great improvements may be made in increasing the quantity of meadow already is use, by means of a lively spring of water which runs through a large part of the tract. The soil is allowed to be in general good. For further particulars, enquire of HENRY DRINKER, at No. 110, North Front Street.

RODNEY is a beautiful dark bay, rising eight years old, full fifteen and an half hands high, with just and beautiful proportion, he is remarkable cherry, good natured and gay, and for action, easy, just and fine movement, none can exceed, free from blemish, in perfect health and vigour; he has proved himself a sure and great foal getter; some of his colts may be seen at his stand; with a genuine certificate of his pedigree and importation, regularly attested by the gentleman who bred and imported him, with the county seal thereunto affixed. Prime pasture provided for mares from a distance, at 39 per week, and the greatest care and attention paid, but not accountable for accidents or escapes.

December 27, 1775 The Pennsylvania Gazette Middletown, Bucks County, I do hereby give Information, A BULL broke into my Plantation, About three Months before this Date. Whose natural Marks I shall relate: His Face is white, his Sides are black. With a white List along his Back; I think the strange mischievous Beast, Must be three Years of Age at least; And if the Owner does appear, Before the last Day of the Year, And prove his Right, and Charges pay, Then he must drive his Beast away.

Thomas Paxson, when farming in Middletown Township, when cattle would roam about or get
